

02 Compliance Awareness & Ethics

1-day programme

Compliance without conviction is fragile. This programme goes beyond tick-box training to build genuine ethical reasoning skills.

What you'll learn

- Key regulatory frameworks relevant to your sector
- How to apply ethical reasoning to grey-area decisions
- Techniques for speaking up and creating psychological safety
- Building compliance into culture, not just process

Who is it for

Compliance officers, managers, and team leads who want their people to understand the why behind the rules.

Duration

1-day programme (half-day refresher available)

Outcomes

Teams leave with a shared ethical decision-making framework and the confidence to navigate ambiguous situations with integrity.
