

06 Ethical Leadership and Decisionmaking

1-day programme

Every leader faces moments when the right path is unclear. This programme equips leaders with structured frameworks to navigate complex, high-stakes decisions with integrity and confidence.

What you'll learn

- Structured ethical decision-making frameworks for real workplace scenarios
- How to balance competing stakeholder interests without compromising values
- Techniques for slowing down under pressure to make better decisions
- How to communicate difficult decisions transparently and with accountability

Who is it for

Senior managers, directors, and executives who regularly face complex decisions with ethical dimensions.

Duration

1-day programme

Outcomes

Leaders leave with a personal decision-making framework and the confidence to navigate ambiguous situations without sacrificing integrity.
