

24 Leading Through Ethical Dilemmas

1-day programme

Ethical dilemmas are not failures of character - they are features of leadership. This programme prepares leaders to recognise, analyse, and navigate situations where there is no easy right answer.

What you'll learn

- How to recognise an ethical dilemma and distinguish it from a straightforward decision
- Frameworks for analysing competing values, duties, and interests
- How to make and communicate difficult decisions with integrity
- Building organisational resilience to ethical pressure

Who is it for

Senior leaders, executives, and board members who face complex decisions with significant ethical dimensions.

Duration

1-day programme

Outcomes

Leaders leave with a structured approach to ethical dilemmas and the confidence to make difficult decisions transparently and with integrity.
